INT. TALK SHOW STAGE

A CLOSED TRUNK takes center-stage - a sticker on it reads: "Good stuff inside. Don't peek!" In back, a BANNER and LOGO hangs: "Oprah's Back - 2025"!

OPRAH takes the stage. The crowd goes crazy, cheers!

OPRAH

Love you all - glad to be home! Did you think I could stay away from you forever?

CROWD

No!!

OPRAH

Especially in 2025-

Oprah and the crowd issue a heartfelt sigh. Oprah perks up, shows off her DIAMOND NECKLACE and EARRINGS.

OPRAH

Hey, what do you think? I know - but they're from Lev Leviev! Imported from Israel. Let's start this season with STYLE!

More cheers from the audience. Oprah flashes a grin.

OPRAH

Later today, we'll have an exclusive with Jonathan Greenblatt himself!!

The crowd falls silent. Grumble, confused: "Who"?

JONATHAN GREENBLATT tiptoes on stage with a sign, which reads: "I HEART Ethnostate!"

A BLONDE woman nudges a RED HAired friend.

BLONDE WOMAN

Is that Lex Luthor? Is Marvel making another Superman movie?

Her friend shrugs. Greenblatt wilts. Oprah whips energy up.

OPRAH

C'mon, Jonathan Greenblatt of the ADL! But let's start today with an even bigger bang!

GREENBLATT

Yes! 4 billion would be great. Those drones don't fuel themselves.

He steps towards Oprah with a CUP OF CHANGE. Shakes it. She turns away - focuses on the audience.

OPRAH

First we have an even BIGGER guest, one who'll be giving out prizes to lucky members of our audience. Put your hands together for-

A FIGURE appears in shadow onstage. Steps forward. It's Elon Musk, wearing a "SELF-DECLARED SUPER GENIUS" shirt.

OPRAH

Elon Musk!!

Greenblatt heads for Musk, shakes the cup. But Musk beelines for the Blonde who made the Lex Luther quip.

ELON MUSK

Superman is a DC character. Get it right!!

Oprah herds Elon back.

OPRAH

Fresh off his viral Doge Tour, Elon's hard at work, not only slashing waste but spreading joy! Anyone want to guess what Elon's going to give us?

A TWENTY SOMETHING guy in a MAGA hat jumps up and down.

GUY IN MAGA HAT

Ooooooh, oooo! A trip to Mars?

ELON MUSK

Buddy, that's 4 years away. We've got to melt the ice, nuke it first!

The Red Haired Woman thinks it over, brightens.

RED HAIREd WOMAN

I know: you're giving away a Tesla!

Offstage, a Tesla CRASHES. Everyone in the audience cringes, steps back. Shakes heads: no thanks.

An OLD WOMAN winds her way to the stage: an oversized SOCIAL SECURITY CHECK in her hands. She extends it towards Elon.

OLD WOMAN
An increase in Social Security?
Please?

ELON MUSK
(sneers)
That Ponzi scheme?

OLD WOMAN
But...I worked all my life, paying
in. My dear, deceased Ralph did, too!
Now I have to choose between keeping
the house heated and a can of beans.

OPRAH
(chuckles nervously)
And we can ALL relate to that!

Elon squints at the old woman.

ELON MUSK
Your husband's dead?

OLD WOMAN
After 50 blessed years of marriage,
Yes. The cancer got him -

ELON MUSK
I bet he's still getting checks.
Gimme that!!

Ripping the check from her hands, Elon shreds it, tosses it
as confetti to the crowd.

ELON MUSK
This is the sort of fraud Doge will
cut in half!!

Digging into the trunk, Elon extracts: A CHAINSAW. Revs it.
The old woman shrieks - faints. Audience members carry her
off like it's a mosh pit.

ELON MUSK
Get that welfare queen out of here!
The United States needs to focus on
things that matter to the common man!

MAGA man raises a hand, as if in school.

GUY IN MAGA HAT
Deporting immigrants?

ELON MUSK

Yes! Though - not me. We need to kill
more little brown kids in Gaza!

Greenblatt CLAPS, accidentally drops his sign. Revealing a
t-shirt: "Ethnic Cleansing: not just for Germans anymore!"

ELON MUSK

And protect white farmers in South
Africa. REAL genocide's happening
there!

Oprah squirms, grows more uncomfortable.

OPRAH

Elon, stick to the script.
(to the crowd)
Brace yourselves. Today, Elon's
giving out...

Elon PULLS ARMFULS OF SPECIMEN JARS out of the trunk next.

ELON MUSK

Billionaire Sperm! Fresh off the
assembly line, folks!
(whispers to Oprah)
Hand made.

OPRAH

Ew.

But she grabs a few jars, helps pass them out.

OPRAH

You get a cup. And YOU get a cup!

VARIOUS WOMEN in the audience fan-girl. One waves a SIGN:
"Spread Musk's DNA - Save the World!"

The blonde and red head get into a FIST FIGHT over one jar.

BLONDE WOMAN

It's mine.

RED HAired WOMAN

Nuh-uh. I called dibs.

BLONDE WOMAN

I saw the genius super jizz first!

But one BRUNETTE isn't cheering. She wanders towards the
stage, holds a crying BABY in her arms.

BRUNETTE

Elon, about our darling child Pixel-Pop: I wrote to you on Twitter.

Elon glares down at her.

BRUNETTE

I... I mean "X". You never responded. You promised if I carried your child and helped you win Diablo-

Elon hits a BIG RED BUTTON. BZZZT! The woman's dragged out by SECURITY. Guards toss the baby like a football.

OPRAH

Uh, Elon?

ELON MUSK

What? This IS a private event. She violated Terms of Service.

OPRAH

But the baby-

ELON MUSK

I'd shadowban her instead. But in Real Life, without Neurolink?

Greenblatt steps forward, applauds wildly.

GREENBLATT

Let's give up Free Speech!
(corrects himself)
I mean, "Give it Up For"?!?

The crowd goes wild. Musk throws STRAIGHT ARMED kisses to audience members... An obvious Nazi salute.

Oprah inches towards Greenblatt, whispers/points:

OPRAH

Is, is that -

GREENBLATT

(hisses)
Keep clapping, dammit! Or do we have to pull out the Diddy files?

He raises a "White Power" salute to the audience.

GREENBLATT

Am Latte Chai. Woot!

FINAL FADE OUT:
